After weeks of neglect, the president today declared Kasey's room a federal disaster area. Acting FEMA Director R. ## RIVALRY, WHAT RIVALRY?

## SLEEP-OVER PARTY

Kasey recently had her lovely friend Rachel over for a sleep-over party, while Rachel's parents enjoyed a rare night on the town. The two had wild fun wrestling, making silly noises and chasing each other down the hall, but Rachel's parents are just that way.

## KASEY AUTHORS NUTRITIONAL GUIDELINES

Last month Kasey published her eagerly awaited "Kasey Pyramid," an update to the USDA's severely flawed nutritional guidelines. The new scheme calls for mass quantities of chocolate, significant amounts of Sour Patch Kids, and an occasional peanut butter and jelly sandwich.
